

Ed Fehringer, M.D.

All is well in Nebraska. Casey and I spend most of our time chasing four kids. We live in Omaha and, after a decade at the University of Nebraska Medical Center, I am 5.5 years into a hospital-employed job with 5 partners at Columbus Community Hospital. Work and family life are terrific. Casey is still putting up with me. I am fortunate.

I retired from playing basketball 2 years ago and from coaching basketball and baseball after coaching 20 teams in 15 years. I spend time reading for pleasure and enjoying life. I keep in contact with my good friends Sean Churchill and Rich Boorman, lifelong friends that I was fortunate enough to make during our year in Seattle.
